

# Connector

Name:

Book:

Pages:

Your job is to look for the **conflict(s)** the main character is going through in this section that relate to the *concept of choices*. Review what has happened to the main character in this section, and make connections and/or predictions about what has happened in previous sections or what might happen in the next section. You should also note any other connections (text/text; text/self; text/world).

Conflicts related to the main character in this section:

Connections to what happened previously:

Predictions about what will happen next:

Other connections (text/text; text/self; text/world):
