HOW TO CREATE A WORKS CITED PAGE

o   This is where you will list all sources you cited in the text of your paper.
o   Title your page: Works Cited
o   Arrange your entries alphabetically, using the first word in the entry to guide you.
o   In each entry, every line after the first is indented 5 spaces (tab key).
o   Single space within each entry, but double space between them.
o   Use easybib.com for help

Directions: EVERYTIME you include research in your paper, you must tell the reader where your information comes from. This information is listed on a WORKS CITED page. Using the examples below, draft your works cited entries. BE SURE TO INCLUDE ALL MARKS OF PUNCTUATION!
